THE MUELLER GROUP and CALIFORNIA'S PROPOSITION 65

The Mueller Group, Inc. is aware of California's Safe Drinking Water and Toxic Enforcement Act of 1986, better known by its original name Proposition 65. Proposition 65 requires the State to publish a list of chemicals known to cause cancer or birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include more than 900 chemicals since it was first published in 1987.

The Mueller Group is a wire and cable distributor ONLY and does not produce, manufacture or construct any of the wire and cable products that are sold. In addition, The Mueller Group only sells products to other businesses and not end users. To the best of The Mueller Group's knowledge, all of the products that are sold are compliant with Proposition 65 and as such, do not require warning labels on the shipments. Any questions about if the wire and cable is listed under Proposition 65 should be directed to the actual manufacturer.

This document is valid without signature and replaces all former statements made by The Mueller Group concerning California's Proposition 65. Should you require further information, please contact sales@muellergroup.net.
